IAFE (INTERNATIONAL ASSOCIATION OF FAIRS AND EXPOSITIONS) NATIONAL CODE OF SHOW RING ETHICS

Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the "IAFE National Code of Show Ring Ethics," fairs and livestock shows may have rules and regulations, which they impose, on the local, county, state, provincial and national levels. All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada

The following is a list of guidelines for all exhibitors and all livestock in competitive events

1. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership and age of all animals entered. Misrepresentation of ownership, age or any facts relating thereto is prohibited.
2. Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.
3. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.
4. Animals shall be presented to show events where they will enter the food chain free of violative drug residues. The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event.

If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise.

At anytime after an animal arrives on the fair or livestock premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.

5. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, confirmation, or appearance, except external applications of substances to the hoofs or horns or animals which affect appearance only and except for surgical procedures performed by duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
6. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.
7. Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation, and respect and no person shall direct abusive or threatening conduct toward them.
8. No owner, exhibitor, fitter, trainer or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.
9. The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.
10. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have disciplinary action taken by the fair or livestock show for violation of the Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the fair or livestock show may be published with the name of the violator or violators in any publication of the International Association of Fairs and Expositions, including Fairs and Expositions and any special notices to members.
11. The act of entering an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer or absolutely responsible person that he or she has read the IAFE National Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further consent that any action, which contravenes these rules and is also in violation of federal, state or provincial statutes, regulations, or rules may be, released to appropriate law enforcement authorities with jurisdiction over such infractions.
12. Any violations of these rules at the Madison County Fair will be managed by the committee of: Fair Board president, Extension Council chairperson, Extension staff member and department superintendent.

10. Exhibits will be divided according to merit – a blue award will denote an excellent exhibit; red will denote a good exhibit; and a white award will denote an exhibit of less quality. First and second prize winners in each individual class are eligible to compete for Championships and Reserve Championships, provided they received a purple or blue award. Only class Champion and Reserve Champions will be eligible to compete for Grand and Reserve Grand Champion.
11. It is the intent that the 4-H/FFA member takes responsibility for caring for and grooming his/her own animals. If assistance is needed, it should be aimed at helping the 4-H/FFA member learn new skills and be done by a family member and/or another Iowa 4-H/FFA member.

15. **SUBSTITUTE SHOWMAN** – Excusing a member from personally exhibiting his/her animal or animals defeats one of the important objectives of 4-H/FFA work. Hence the management does not approve the use of substitute showmen except in extreme cases.
If a 4-H/FFA member is injured or seriously ill at the time of the show or is involved in another Madison County Fair activity with a non-flexible schedule at which their presence is mandatory, the 4-H/FFA member may submit a request for a substitute showman. The substitute showman must be a 4-H/FFA member eligible to exhibit at the Madison County Fair and approved in advance of the show by the division superintendent.
An exhibitor who has more than one animal in a class, need not secure approval for another eligible showman to exhibit one of his/her animals. However, it is expected such cases will be brought to the attention of the clerk checking animals into the check-in area or show ring.
16. Clover Buds are not allowed to exhibit personal livestock or to assist with exhibiting livestock belonging to other exhibitors in non-Clover Bud 4-H events, including but not limited to the beef show, sheep show, swine show, horse show, etc. Clover Buds are eligible to enter the dog, rabbit, poultry, and cat show. They will receive participation ribbons.

8. Stallions may be shown in the foal class only. No stallion foaled prior to January 1 of the current year may be exhibited.
9. An individual 4-H'er may exhibit no more than three horses. A mare and foal will count as one entry.
10. Good Sportsmanship and conduct of exhibitors are essential for the well-being of exhibitors and audience. Unnecessary roughness and discourtesy may cause the exhibitor to be dismissed from further competition. No abuse of horses will be tolerated. Exhibitors must keep their animal under control at all times.
11. County 4-H age divisions will be as follows (grade most recently completed):
 - a. Junior – grades 4-6
 - b. Intermediate – grades 7-8
 - c. Senior – grades 9-12
12. To exhibit in classes in which the primary emphasis of evaluation is the skill level of youth, ownership is not required. Youth may lease up to two horses. Youth must meet all requirements of the lease agreement. Leased horses may be shown in any class except halter. If the horse is leased, include a signed lease agreement with the Horse and Pony Identification submitted to the Extension Office by May 15 of the current year.
13. Horses, ponies and mules may be exercised every morning and afternoon in the arena between 7:00-9:00 a.m. and 4:00-6:00 p.m. (so long as the arena is not occupied for a scheduled event). Exercise times may differ on show days and will be announced by superintendents. The remainder of herdsmanship duties are to be completed by 8:30 a.m. and 6:30 p.m. respectively. Horses, ponies and mules are not to be ridden north of the south fairgrounds drive. (Food stands, other livestock barns, carnival area, etc.)
14. Only the exhibitor may warm up and ride their own horse throughout the fair. A parent or other adult (not a 4-H/FFA exhibitor) may lunge the horse if deemed necessary. No riding or schooling shall be done by anyone other than the exhibitor.

Dress for Exhibitors

1. Heeled boots, jeans and ASTM/SEI approved helmets must be worn at all times - during practice, exercise and while riding in classes. **ASTM (American Society of Testing Materials)/SEI (Safety Engineering Institute) approved helmets are required every time you ride, for any reason.**
2. Proper Western Dress will be long-sleeved shirts, provided 4-H/FFA t-shirt, blue jeans for 4-H members, and blue OR black jeans for FFA members (no other jean colors allowed). Ties and gloves are optional - no chaps. A solid, plain, front button or snap long-sleeved, collared shirt of any color (including white) may be worn. The following is prohibited: personalized logos or embroidery, zippers, sheer or lace fabric, embellishments or bling of any kind including, but not limited to, sequins, rhinestones, chains, etc. Shirt must be tucked in.
3. English Dress optional.
4. 4-H arm band or FFA chevron required if not wearing the provided 4-H/FFA t-shirt.
5. No additional attire will be allowed in the ring.
6. No advertising for any breed, feed, or other product shall be worn in the show ring.
7. The judge will not give credit for extra costly attire.

Entries and Stall Check-in

1. **Stalling** – In fair entry, you must designate the total number of horses you are entering. No stall will be provided for mare and foals or yearlings. Mare and foals and yearlings are released as soon as they are finished showing and must leave the grounds at the end of the show day. **A minimum of one entry will be required to remain throughout the fair.** Additional stalls may be reserved for other entries, depending on available space. Stalling assignments will be posted by department superintendent prior to the fair. Horses must be stalled when not being shown, exercised or at the wash rack.
2. **Exhibitors are limited to one entry in all classes.** Showing one's own horse or pony is a requirement in all classes including showmanship. The only exception to this rule is that if an exhibitor has a conflict and is showing another species during halter classes, a substitute showman, as defined in the General 4-H Rules, may show the exhibitor's halter class entries only (NOT showmanship).
3. **Release – Any member using a stall must keep their horse at the fair the full five days of the fair. Release time will be 5:30 p.m. Sunday.** A horse may be released early if determined to be sick, or a danger to itself, its handler, or visitors to the barns, or shortage of stall space. To be released early, the exhibitor must present a "uniform early release form" to the Fair Office with the signatures of the county fair veterinarian and show superintendent or their designee.
4. **Check-In** – All horses are required to check in by **7 a.m.** on Wednesday, July 16th.
5. Height division for horses and ponies will be as follows with an allowance of one-half ($\frac{1}{2}$) inch for horses wearing shoes: Horses are considered 57" and over. Ponies include heights less than 57", measured from the highest point of the withers to the ground. Class entries will then be verified by the horse's height and any necessary correction in class entries made. Equine entered in pony halter and pony pleasure will be verified at check-in.
6. The age of the horse is used to divide halter classes. A horse's age is based on January 1, not the actual birth date of the animal. Horses increase in age one year each January 1. Use January 1 as the date when determining the horse's age. A colt or filly born during the current calendar year is eligible to show in Mare and Foal class.
7. Every exhibitor must show in halter or showmanship.
8. Exhibitors must pre-enter for showmanship. No entry fees will be collected for showmanship and no premiums will be paid.
9. Horses may be shown in both English and Western classes as long as appropriate equipment for the class is worn.
10. Classes may be combined at the discretion of the superintendent, based on the number of entries in each class. If combined, exhibitors will be evaluated based on 4-H age division, with awards provided to the winners in each 4-H age division.
11. Any youth & horse combination are only eligible to compete in **one** pleasure class under western tack. A youth may show different horses in pony pleasure, western pleasure, ranch horse pleasure and 2 & 3 year old western pleasure.
12. **Exhibitors cannot cross-enter walk/trot classes and classes that call for the lope/canter.** Walk/trot riders may barrels and poles, but must not go faster than a trot in these classes. Exhibitors entering classes that call for the lope/canter may still enter Bareback Equitation—Walk/Trot if they are not comfortable loping bareback; however, no points toward high point will be given to these exhibitors. (Exhibitors entering only walk/trot classes WILL still receive points for Bareback Equitation—Walk/Trot.
14. **In Fair Entry, exhibitors must enter all classes they wish to participate in at the fair.** Classes can later be scratched or changed, but additional classes cannot be added.

AWARDS

1. **Halter and Performance Classes** – In each class the judge will select those entries deserving purple, blue, red and white awards and place them accordingly. A ribbon or other award will also be presented for the top five placings.
2. **Halter Champion** – First and second place winners in the halter classes will return to the show ring after the scheduled halter classes, where the judge will determine the "Champion" and "Reserve Champion" horse or pony. A ribbon or other award will be given for Champion and Reserve Champion Pony, Mare and Gelding.
3. **High Point Horse Awards** – A high point and reserve high point horse award will be given in each age division (Junior, Intermediate and Senior) to the exhibitor and horse combination earning the most cumulative points. All classes will count toward high point with the exception of: **Master Showman, Grand and Reserve Champion Pony, Grand and Reserve Champion Mare, Grand and Reserve Champion Gelding, Western Walk/Trot, Bareback Equitation-Walk/Trot, English Walk/Trot, Western Horsemanship-Walk/Trot and Trail-Walk/Trot.**

<u>Entries in Class</u>	<u>Points per class</u>
1	1
2	2-1
3	3-2-1
4	4-3-2-1
5	5-4-3-2-1

Points will be posted at the end of the day. In the event of a tie in points, the horse and rider with points in the most events will be declared the high point horse and rider. In the event of a tie, high point will be awarded to the rider who has the most higher places with the nominated horse. For example: If horse & rider #1 enter five classes and stand in first place in four of the classes and fourth in the other, and horse and rider #2 enter five classes and stand in first place in two classes, and second place in three classes, horse and rider #1 will be given the award.

4. **Walk/Trot High Point Awards** - A high point and reserve high point award will be given to the exhibitor and horse combination earning the most cumulative points in the following classes: Halter, Showmanship, Western Walk/Trot, Bareback Equitation—Walk/Trot, English Walk/Trot, Western Horsemanship— Walk/Trot, Trail— Walk/Trot, Barrels, and Poles (completed at a walk/trot pace). The point system and tiebreakers above will also be used to determine the walk/trot high point awards. **These awards are intended for exhibitors that are not yet ready to lope/canter.**
4. **Master Showman Award** – Winners of Junior, Intermediate and Senior showmanship classes at this year's fair compete against each other for the title of Master Showman.

PEN OF THREE

Individual Pen of Three:

1. Exhibitors may select three of their lambs to participate in the individual pen of three.
2. No Commercial Ewes may be exhibited in a pen of three.

Club/Chapter Pen of Three:

1. To participate exhibitors must be from the same club/chapter.
2. A group consists of 3 animals, 3 showman and 1 lead herd person.
3. Groups of three animals can all be from the same exhibitor and any combination of wethers and ewes.
4. No Fair Entry required, exhibitors can decide day of show to enter.
5. This class will happen following selection of Master Showman.

Production Pen of Three:

1. Members may feed a pen from three (3) to five (5) head of lambs of either ewes, wethers, or some combination of the two. Each member is limited to one production pen of feeding project lambs.
2. Lambs are to be started on feed at weigh-in with feed records kept as soon as lambs are weighed-in.
3. A beginning price on the project will be the actual purchase price provided the member can produce a sales slip or by contacting the sheep superintendent for the feeder lamb price.
4. The Production Pen of Three project must be started at county weigh-in. **Weight limitations:** Lambs should not exceed 80 pounds at weigh-in or be under 45 pounds to be appropriate market weight on the sale date.
5. Lambs included in the production pen of three must be identified specifically as production pen lambs with the Madison County Extension Office no later than May 15th.
6. Animals are to be fed separately from other livestock on the farm. 4-H/FFA Market Lamb animals may be fed with production pen lambs only if space isn't available to keep them separate. Records are important in this project. Therefore, it is to your advantage to keep production pen lambs separate from your other 4-H/FFA lambs so records are more accurate.

7. These animals will be on display during the Madison County Fair. All Production Pen of Three lambs will be weighed in at the same time as the other sheep. This weight will be used as the "sale weight" for project calculations only. [Note: Any lambs running through the Fair Auction held at the Winterset Sale Barn will be re-weighed for actual sale weight.
8. All Production Pen of Three lambs are eligible to participate in the Fair Auction, may be sold privately, may go to the locker, or may return home.
9. At the beginning of the project, **Production Lamb Form A: Project Enrollment** must be completed and returned to the Extension Office no later than May 15.
10. **Production Lamb Form B:** Monthly Feed Record Sheet should be completed and sent in to the Extension Office monthly (except July records—see below). Your cooperation in doing this will influence points received for accuracy of records. The deadlines are as follows:
 - a. Records for May 4-May 31: Due June 10
 - b. Records for June 1-30: Due July 10
 - c. Records for July: Due Wednesday of the County Fair by noon to MADISON COUNTY FAIR OFFICE

PURPOSE

The Communication Department is designed to provide opportunities for youth to select a method by which they might develop their personal communication skills in sharing talents, knowledge or information with others. The classes are designed to provide a series of developmental experiences for various age levels. The ability to communicate will be the major criteria for evaluating this department.

1. 4-H member's participating in the 4-H Communications program are encouraged to wear appropriate clothing representative of the 4-H Youth program and/or the topic of the presentation. If clothing contributes to the topic being presented, such as wearing a bee keepers outfit while doing a presentation on bee raising, the 4-H'er should be encouraged to wear such clothing.

Where distinctive clothing is not involved, it is encouraged to wear the Madison County Fair Exhibitor shirts.

2. 4-H member's doing presentations that involve food must be concerned about safe handling of the food they are using. 4-H member's should use sanitary and safe procedures and methods at all times. This is tremendously important if samples are available to the viewing public.

Appropriate storage of the food items, and the sanitary handling of the food must be demonstrated by the 4-H member. Plastic gloves and hair nets are just a couple of items that should be considered and used as appropriate.

3. Educational Presentations and Working Exhibits involving food must follow established food safety guidelines, including HS 76 "Foods for Iowa 4-H Fairs—Quick Reference Guide" found at <https://store.extension.iastate.edu/product/6434>. Presenters are expected to comply with all copyright/trademark regulations. Copyrighted material may not be distributed without permission.

4. The following awards will be given to outstanding presentations: Judge's Choice, Iowa State Fair Selection, Outstanding Junior Communicator, Outstanding Intermediate Communicator, Outstanding Senior Communicator, Best Use of Visuals, Best Verbal Delivery, Best Stage Presence, Best Audience Involvement.
5. Stickers and self-adhesive products are not allowed in the 4-H Exhibits Building. Stickers and self-adhesive products may not be used in any Communication Event for any reason.
6. If live animals will be used as part of a Communication Event, the exhibitor must comply with the 2025 Health Requirements for the Exhibition of Livestock, Poultry and Birds at State Fair, District Show and Exhibitions. This can be found at <https://iowaagriculture.gov/animal-industry-bureau/animal-admission-health-requirements>. Animals that do not comply will not be allowed.

Educational Presentation

Purpose: An opportunity for 4-H member's to personally demonstrate their communications skills by presenting knowledge, information or a process to gain a desired response from an audience. **The topic selected by the 4-H member should be an outgrowth of his/her 4-H experience.**

1. Age for participation – Clover Buds and 4-H youth in grades 4-12 are encouraged to participate. However, to be selected for the Iowa State Fair, youth must have completed 5th grade through 12th grade (or that equivalent).
2. A 4-H member may participate in only one educational presentation per year at the Iowa State Fair.
3. Educational presentations may be given by one or more 4-H member's. Teams consisting of youth of mixed grades will be entered in the division of the member in the highest grade level. (i.e. A team with a 5th grader and an 8th grader must be entered in the Intermediate division.)
4. The topic of the presentation should determine its length, but Intermediate/Senior divisions must not exceed 20 minutes. Junior/Clover Buds presentations must not exceed 15 minutes.
5. Presentations utilizing PowerPoint or slides must bring the full presentation on a memory stick each time you perform. Do not rely on internet access for your document, or use web links within your presentation. Keep in mind that there are many software versions. You may wish to bring your own laptop with a HDMI or USB output to ensure it views as you desire. When presenting at the county fair, please make your background design mainly white because it shows up much better. Dark backgrounds cannot be seen as well.
6. A judge's critique/conference with each participant will be included.

At the conclusion of the exhibitor's judging experience, the exhibitor must take all exhibit cards to the attendant at the check-out table in order to receive premium money.
5. Exhibit classes are broad categories. To plan exhibits, 4-H and FFA Members are encouraged to use project area guides, manuals and program materials to determine goals and learning experiences. Some project manuals include specific

exhibit suggestions and procedures. An exhibit can represent an idea, a part or all of learning involved in the respective project or program.

6. Exhibits must comply with the class description, size guidelines, copyright, safety and approved methods specified for each division. Exhibits that do not comply with size guidelines, copyright and safety procedures will be evaluated but will not receive a ribbon, premium, or be eligible for the Iowa State Fair.

**Each exhibitor has the option to select one of his or her exhibits for Verbal Conference Judging only (meaning no write-up will be required for this one project). A written goal sheet and the principles & elements of design will not be required in written format; however, for this exhibit, the 4-H or FFA member must be prepared to discuss with the judge each step in preparing the exhibit, as well as the elements and principles of design that pertain to the exhibit (if applicable). Open to the public at 10 a.m., Wednesday, July 16, 2025.

Evaluation by Nationally Accredited Judges.

1. Show is open to anyone interested in participating. Assistance will be available during the Entry Period to make entries. Please have a list of your entries ready for the entry chairperson when you arrive. Entry tags, schedules and other information may be obtained from the Madison County Extension Office.
2. Entries must remain in place until Sunday at 5:30 p.m. If you are unavailable to pick up entries, please make arrangements for someone else to do so for you. Any premiums not claimed will be turned back to the fair.
3. Exhibitors are limited to making one entry per class, or subclass, except in the Horticulture classes where more than one entry may be made in a class or subclass if they are different cultivators, or different color. If you know the name of your horticulture entry, be sure to name it either botanically or common name. This adds to the educational value of the show.
4. NO NOXIOUS WEEDS ALLOWED IN THE SHOW.
5. Decision of the judge is final. Nationally Accredited Judges will judge the show according to the latest edition of *The Handbook of Flower Shows* and any authorized revisions. Only show personnel, judges and clerks will be permitted in the show room during judging.
6. All designs must contain some plant material. No artificial plant material is permitted. Container grown plants may be used in designs where appropriate.

7. It is recommended that **clear containers** be used for specimens, adequate for size of specimen. Containers should be marked with your name and address.
8. Horticulture exhibits and container grown plants must be grown by the exhibitor or in their possession at least three months prior to the show and should be labeled as to variety. Multiple plantings such as terrariums or hanging planters must have been grown together at least six weeks. Correct botanical labeling will increase the educational value of the show. Arrangements must be the work of the exhibitor.
9. Exhibitors will be responsible for keeping their entries fresh and watered. Exhibitors must furnish their own containers. There will be hostesses ready to help you.
10. The staging committee reserves the right, if necessary, to separate Horticulture entries in terms of color or size. The staging committee may move entries after they are judged for better display.
